HEATHERDOWN
GARDENS GU21 4HQ

BUILDING A
APARTMENTS 1-12

...it's more than a home, it's a way of life

A landscape photograph showing a dense forest of tall evergreen trees in the background. A thick layer of mist or fog hangs in the middle ground, partially obscuring the base of the trees. The foreground is filled with dense, low-lying vegetation, including shrubs and small evergreen saplings, some of which are in focus. The sky is a pale, hazy blue, suggesting a soft sunrise or sunset. The overall mood is serene and contemplative.

...let it all in, and cherish the moment

HEATHERDOWN

SOCIAL LIVING

LIFE IN HORSELL VILLAGE

Sitting less than a mile North/Northwest of Woking town centre, Horsell is a bustling, friendly village made famous by H.G. Wells science fiction classic, War of the Worlds, with the first Martian landing on Horsell Common which is found directly opposite Heatherdown Gardens. Book aside, Horsell Common is a Site of Special Scientific Interest for nature conservation and also the site of a bronze age settlement and burial ground. In addition to Horsell Common, those seeking outdoor activities also have the choice of Westfield Common and Woking Park, home to The Fuel Cell leisure centre.

Horsell village is dominated by St Mary's Church, a stunning, elevated brick and flint-faced building dating back to the 12th century.

The village has an array of boutique shops, two renowned pubs, The Red Lion and The Crown, both serving great pub fayre, a barbers, nail bar, beauty and aesthetics studio, a family-owned deli serving great food, Versova Italian Restaurant, The Beijing Chinese and the Masala Spice take out amongst others.

RUSHMON

HOMES

ABOUT RUSHMON HOMES

At Rushmon Homes we've been creating a warm welcome in our new homes for over 50 years.

As an established family business with our own children and grandchildren, we're able to understand the evolving needs of our purchasers as they and their families change and grow over the generations.

"Our homes are design-led to provide light, spacious, adaptable living spaces that are a joy to be in – whether you're relaxing peacefully, socialising with friends or celebrating with loved ones."

Over the years, our customers have consistently found the quality of our homes reassuring. Our keen eye for design certainly makes our properties look elegant and inviting, but they're also refreshingly practical, functional and durable. Our craftsmen use time-honoured building traditions and only the best materials to produce a fine finish.

Based in Surrey, we have acquired a wealth of local knowledge which enables us to develop homes in some of the most sought-after areas in the South-East, yet virtually all our developments are created on recycled land.

Perhaps it's a combination of all of these things that has won us a number of prestigious awards over time, with one judging panel noting of our Twin Trees scheme in Woking,

"This development shows the value of well-thought-out regeneration, especially for those looking for that elusive object – the ideal family home".

Of course it's always very rewarding to receive such recognition, but our greatest accolade remains the positive feedback we hear from the people who matter most – our purchasers.
